

CITY OF LAKE JACKSON POLICE DEPARTMENT

Citizen Police Academy

Origins of the Citizen Police Academy

The concept of the Citizen Police Academy was developed in 1977 in England to familiarize private citizens with the nature of police work and the organization of the police system.

Citizen Insight

The Adult Citizen Police Academy is an eight-week course designed to give citizens a better understanding of Lake Jackson Police Department. Each week, on Thursday evenings from 6:00-8:00 p.m., a different division of the Police Department provides instruction and demonstrations, giving an insight into the specific aspects and duties required to maintain the professional and premier law enforcement standards expected of our agency.

Classes & Ride-Alongs

Classes will consist of one or more of the following: lectures, demonstrations, case studies, and hands-on practice. In addition to the Thursday night instruction, most students have the opportunity to participate in a ride-along with a patrol officer on a Friday or Saturday night shift.

Students will have the rare opportunity to visit various areas of the Police Department that are not normally open to the public. The Lake Jackson Police Department CPA is taught in an atmosphere that encourages the students to meet and talk with many officers throughout the department.

Academy Goals

Our goal is to help our citizens have a better understanding how we do our jobs, why certain practices are the industry standard, and to learn, from you the student, how we can better serve our community. Through this program, we hope you will take the knowledge gained into the community and educate others when the opportunity arises.

Eligibility Criteria

- Applicants are required to undergo a background check.
